About me

Hello, my name is Dimas. Nice to meet you!

Graphic designs always take my interests. During my college, I often join organizations and events that gives me opportunity to express and improve my ability in graphic designs.

I usually use **Inkscape** for personal work and use **Figma** or **Canva** when working on team projects that allow for collaboration. I'm kind of into **minimalist** design style, but I'm open to learn new styles as well. If you are interested in working together, I would love to hear from you.

Thank you!
